MQ MULTIQIP GloBug Solo Jr.

Weighing less than 30 pounds, the GB12BW GloBug Solo Jr. is the ultimate in portable glare-free lighting. Powered by standard 120V, it incorporates an energy-saving 400 watt Metal Halide lamp that delivers 34,000 lumens.

Applications include construction sites, emergency road crews, backyard parties, and more.

- **Light weight electronic ballast** built inside the lamp housing.
- **Air shock-absorbing mast** protects light bulb.
- **Quick and easy setup**; balloon inflates in less than 30 seconds.
- **360° glare-free lighting**.
- **Carrying cases included** for easy transportation.

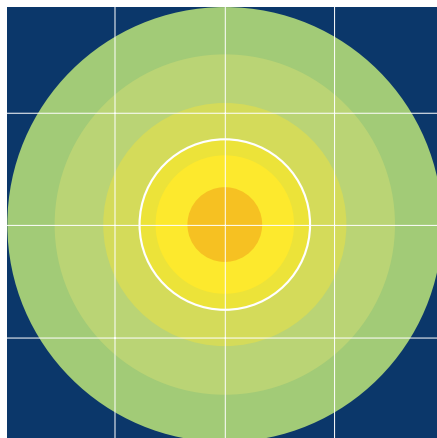

Light weight; easy to carry — just 30 pounds.

Carrying cases included.
